

Appendices.

Handouts and course material. Tutors will need to arrange photocopying well in advance and to produce the "cards" for sessions 2 and 3 from the masters below. The homework sheets below are intended as "masters" from which photocopies can be made and cut into slips copies from which slips to give to students. Use of coloured paper for photocopies (i) brightens the thing up and (ii) makes it easier to tame the large amount of paper involved!
