## SEMINAR OPTIONS

### EMPOWERING OUR GENERATION

*Andy Twilley*

We can transform this generation by creating intentional, dynamic relationships in which we enable one another to maximise our God-given potential through sharing experience, encouragement and challenge. This seminar explores how we can truly “*make a difference*”.

### EQUAL PARTNERS: Empowering Children Young People

*Tom Hackett*

Come and learn more about the URC’s “Charter for Children” and discuss how it can be used in our local churches.

Join us for a conversation exploring children and young people as equal disciples – able to play their part in the mission of God.

### ECO-CHURCH: good for your church, good for the world, good for you.

*Alex Mabbs*

Eco-Church is a free tool that helps Churches and Church members respond creatively to the environmental crisis. It covers every aspect of life, not just buildings, and Churches have found that it opens new doors into life-affirming mission and discipleship. Alex will outline how Eco-Church works and how it can be a blessing to all. He will also introduce some simple ideas that can get Churches started in making a difference on an over-heating planet.

### MISSION AND THE CHURCH: “Transformed by the Gospel.....”

*Martin Hayward*

Scientific knowledge is growing in leaps & bounds for the greater good (& bad) – society is changing fast – adults entering working life changing career at least once, the advice is “*you need to reinvent yourself*”, and social media able to even reinvent our personalities. The Church will change but what will that look like – and changed by what – the pressures of society or will it be “*Transformed by the Gospel*”? Come & see what this might mean for the church and its mission including the pit falls to avoid.
